FUND STRATEGY

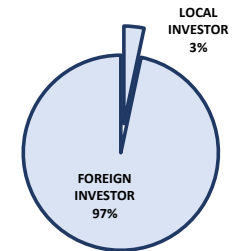

A value driven fund focused on returns.

The fund's investment strategy is focused on generating capital appreciation, trading gains, and rental income. In line with this objective, it plans to acquire real estate assets such as land, buildings, and independent units. The fund operates in accordance with the principles of interest-free (Islamic) banking, and its investment decisions are made within this framework. As a dedicated (private placement) fund, it is open only to specific investors.
